

Nevada Political Contribution Data

Alexander Murray-Watters
Carnegie Mellon University

Data...

- Data are from the National Institute on Money in State Politics (<http://www.followthemoney.org/>).
- Covers Political Donations within Nevada from:
- 2011-2014 (State wide, including federal races)
- 1990-2014 (State-wide, non-federal offices races)

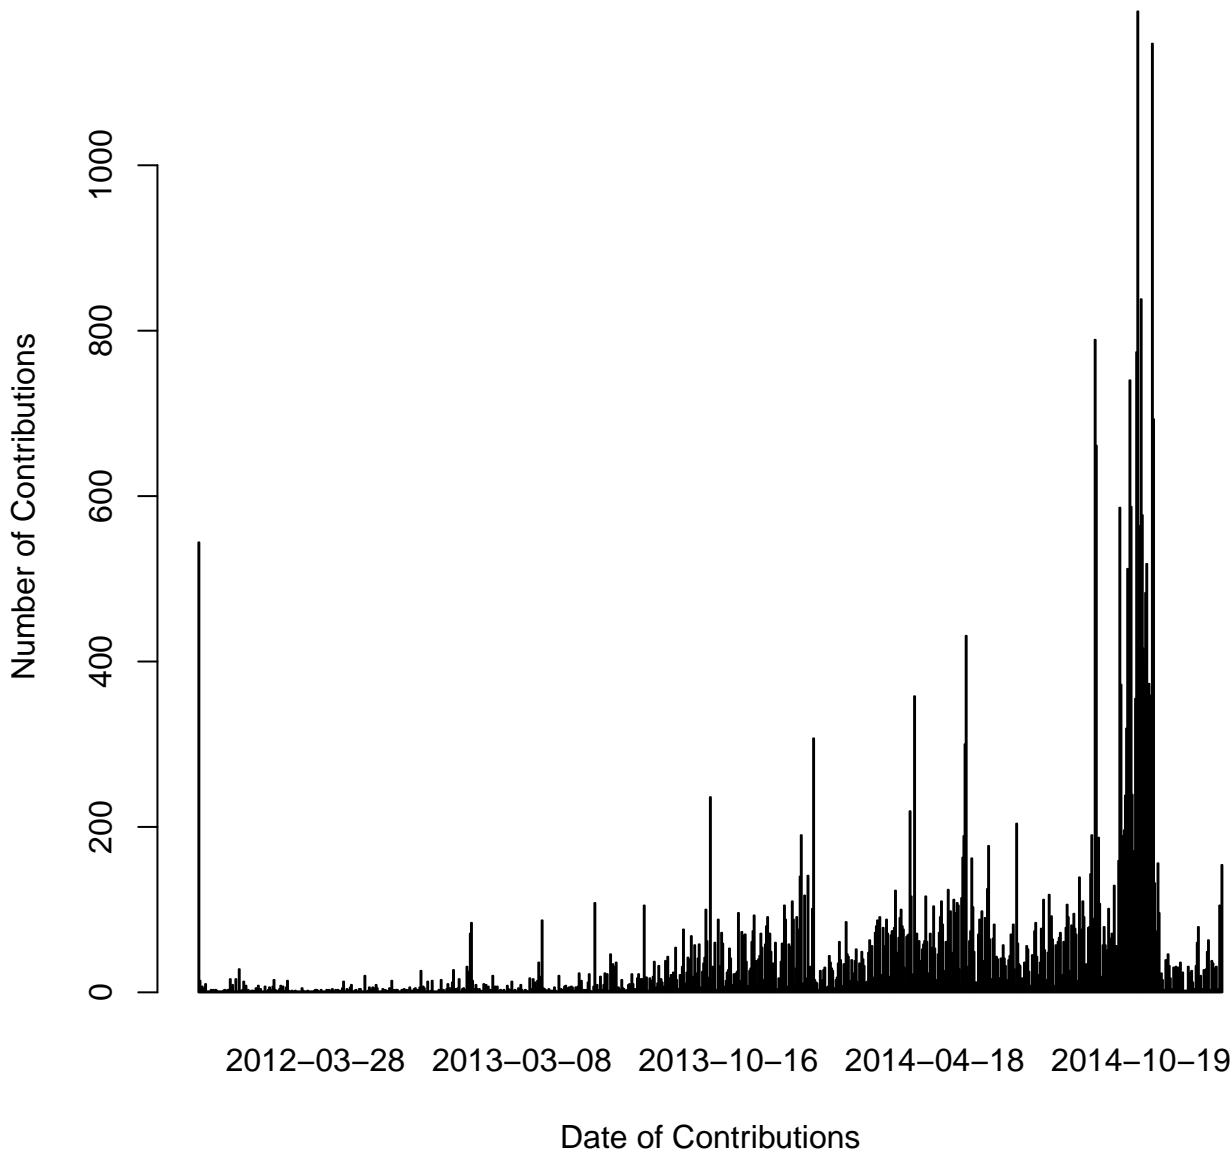

Limitations...

- Coding errors (e.g., John Smith Jr, John Smith jr., etc counted as different contributors).
- Limits on how much data can be downloaded from the site (need permission to exceed 50,000 contributions – i.e., rows of dataset – in a year).
- Web-scraping code not publicly available (could contain unknown errors).

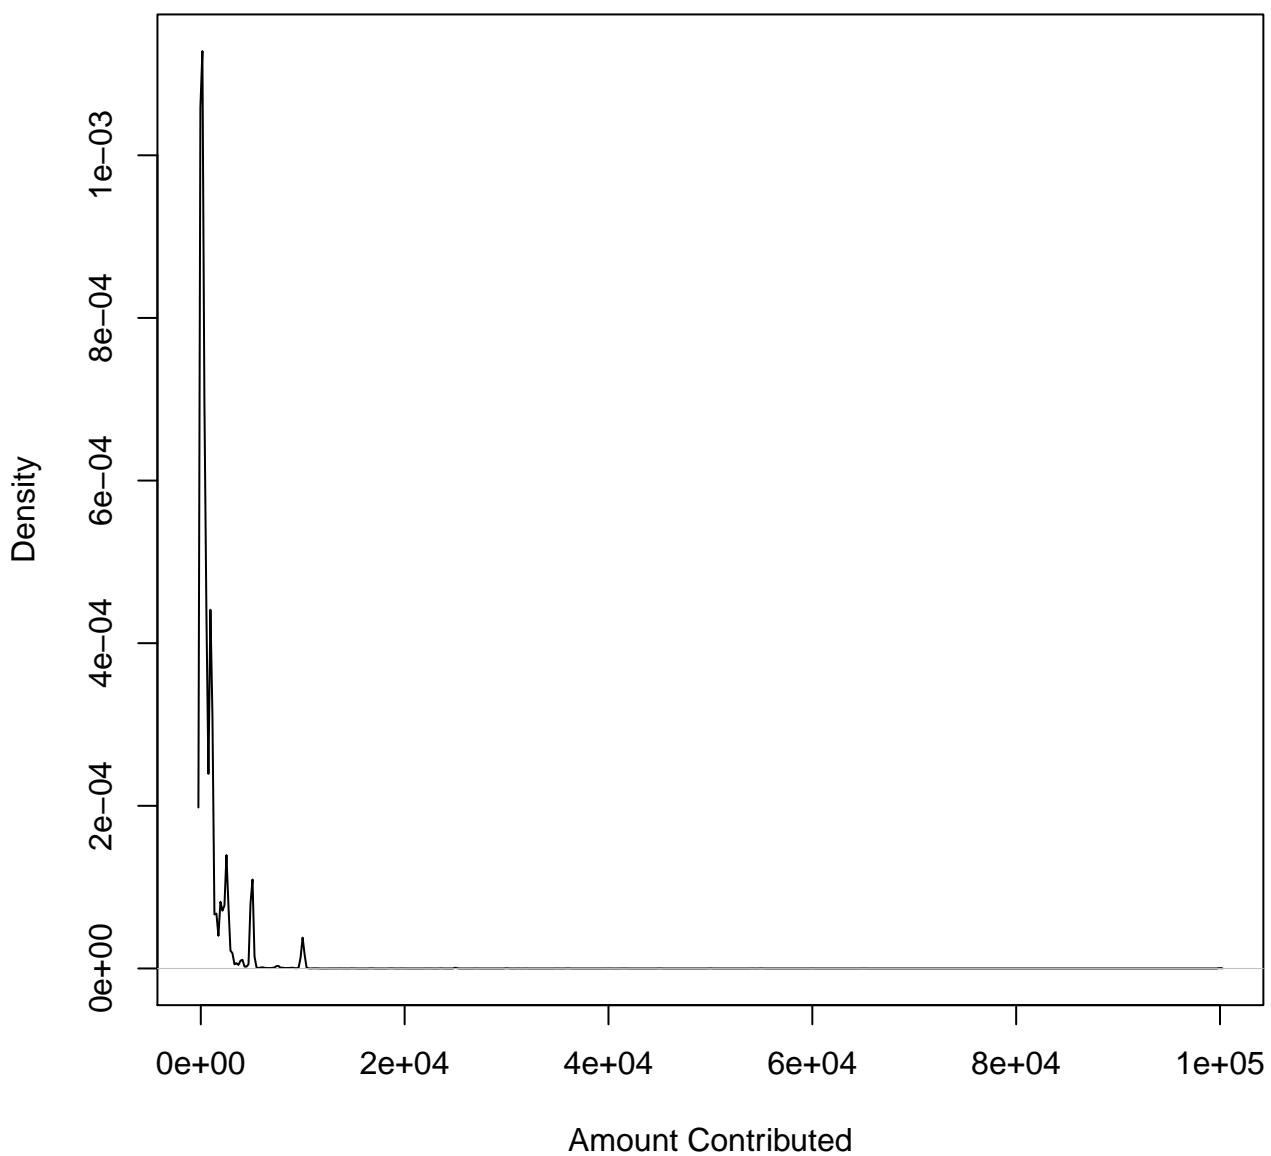

Code and Data

- Code and Data used will be posted at:
